# Premium Bubbly Gift Box

1 **OR** 2 bottles of Rurale (Méthode Ancestral) 2018

Packaged in an elegantly branded wooden box.  
Finished with some ribbon, fynbos from the farm, and  
a tasting note.

Option to include a personalized note.

*Vondeling Rurale is comprised of 80% Chardonnay and 20% Pinotage. The Chardonnay grapes originate from a single block, located on a south-west facing slope on the decomposed granite soils of the Paardeberg Mountain. The Pinotage grapes are grown on our lower valley slopes in soils comprised of gravel and clay. Typically, the Pinotage grapes add weight and texture. Unlike Mèthode CapClassique, Mèthode Ancestrale grapes are harvested with a potential alcohol of 12%(rather than 9%). This promotes a fuller, more rounded pallet with superior fruit expression without compromising on natural vibrancy and freshness*

1 X Rurale

R450.00  
(incl. VAT)

2 X Rurale

R700.00  
(incl. VAT)

## Rurale Accolades

*Rurale was the first recognised Methode Ancestrale to be produced in South Africa.*

Packaged in an elegantly branded wooden box. Finished with some ribbon, fynbos from the farm, and a tasting note.

Option to include a personalized note.

R700.00  
(incl. VAT)

## Monsonia

Vondeling Monsonia is named after Monsonia Speciosa, a very rare species of fynbos found on the Paardeberg mountain, the home of Vondeling wines. With 400 hectares of indigenous fynbos on our mountain slopes, the responsible custodian approach of wine estates has a significant combined impact on the continued flourishing of Fynbos flora. We've named our flag-ship blends after endemic fynbos species, namely Babiana (white blend) and Monsonia (red blend) to draw attention to conserving biodiversity as well as celebrating our rich cape-floral heritage at Vondeling.

## BOWWOOD

The Bowwood motto is to produce singular, sight-specific wines that exemplify not only the best examples of their type in South Africa but of those of the world. Special attention is given to how the wine will mature over time and we highly recommend additional cellaring to release the wine's full potential.

(incl. VAT)

## Other Attributes

Why would you choose to work with us?

- We strive to make a positive impact on the environment, our stakeholders, and our community. We farm ethically and sustainably with future generations in mind. In 2018 we converted much of our conventional electricity supply to solar power in an effort to minimize our greenhouse gas emissions. In the coming years, our solar ability will triple on feedback into South Africa's ailing national power grid. Where ever possible we use packaging only made from recycled materials, and we promote green weddings at our chapel and wedding venue.
- All of our Wines are made from grapes grown, fermented, and matured on the farm - complete traceability from grape to glass. A true reflection of the unique Voor-Paardeberg terroir.
- Longstanding team - family-owned and managed (wine-maker has been with the brand for 16 years).
- Ethically Accredited by the Wine and Agricultural Ethical Trade Association - WIETA (since 2014)
- Food Safety Accredited by Hazard Analysis Critical Control Points - HACCP (since 2013)
- 1 of only 50 WWF SA Conservation Champions (since 2014)
- Gold Business Supporter of the Wildlife and Environment Society of South Africa - WESSA
- Member of the Paardeberg Sustainability Initiative - PSI (since 2010) which manages all alien clearing, fire-break management, and erosion management.

## A bit about Vondeling

Vondeling, meaning 'foundling', lies on the slopes of the wild and undiscovered Paardeberg mountain, approximately 45 minutes drive from Cape Town. Our mission is to produce wines of excellence, in harmony with nature. The established vineyards are farmed using a holistic approach, using minimal intervention in the winemaking process which maximises the unique harvest character each year, ensuring wine with a distinct fingerprint of origin, a true reflection of the Voor-Paardeberg terroir.

Our vineyards run off the South-facing slopes of the Paardeberg Mountain. The decomposed granite soil, along with habitual afternoon South Westerly winds, give our wines a vibrancy in an otherwise warm climate area. The first vintage of Vondeling wines made from our own grapes was in 2005. There are now approximately 100 hectares of vineyard, mostly planted to Mediterranean varieties. Most are planted in granitic soils and on the cooler southwest facing slopes. The older vineyards, which include Sauvignon Blanc planted in 1983 and Chenin Blanc in 1986, have come into perfect balance over the years and provide some of our most valuable fruit. There is complete traceability from grape to glass - all grapes are grown on the farm, all wines are made on the farm, and all wines are bottled at Vondeling.

There's a 50/50 red to white varietal ratio with a distinctly Mediterranean slant when it comes to more recent plantings.

White wine varieties: Chardonnay, Chenin Blanc, Grenache Blanc, Muscadelle, Sauvignon Blanc, Viognier, Semillon, Roussanne.

Red wine varieties: Cabernet Sauvignon, Carignan, Grenache Noir, Merlot, Mourvèdre, Shiraz.
